Leanne,

We all have days like that. I was not on the call yesterday as I was taking a furlough day. Hope your days continue to improve.

Ron

Thanks Ron....and my apologies for spacing out on the call yesterday when Rich brought this up. I did get a voice mail from you on May 10 with a heads up about our bosses talking about this potential Congressional briefing. I had listened to and saved that message. May 9 was an extraordinarily bad day, and things did not improve until yesterday....so that was the reason for my absent-mindedness. Just wanted to apologize to you for not remembering this call.

Please forward this mea culpa on to others who were on yesterday's call.

Thanks.

Subject: Call with Congressional Staff on Friday

Jonathan, Aaron and Leanne,

As mentioned Region 7 is arranging an update briefing for the staff of Sen. Blunt, Sen. McCaskill and Rep. Clay for 9 am Friday, May 17, 2013. The purpose of the call is to update status on Westlake Landfill since our call in April. We have also included the St. Louis Airport Authority and St. Louis County Health Agency in the invitation. I know that Karl Brooks spoke with Sarah Parker Pauly last week but we failed to provide details. We are finalizing the agenda but we are including time for you to provide a brief update as appropriate. There will also probably be questions and interest in the happenings at Bridgeton and perhaps the St. Louis Airport site.

I apologize for any difficulties this may cause. As these calls are currently being scheduled on a biweekly basis, please let me know if this scheduling information should be sent to a different member of your staff in the future.

The details are:

Date: Friday, May 17, 2013

Time: 9 a.m. – 9:30 a.m. CST

Conference Line #: 913-551-7537; access code: 100200

Thanks

Ron
